STANFORD, KY., FRIDAY, OCTOBER 8, 1909.

NO. 64.

## BRODHEAD.

Born, to the wife of Virgil Martin, a daughter, and to the wife of Herman Frith, a daughter.

The stockholders of the Waynesburg, Woodstock and Hansford Telephone Companies have organized themselves into an association. Granville Owens, of this place, has been elected president and Prof. M. E. Wheelon, of Eubanks, secretary.

J. H. McKinney, of the Freedom section, sold his farm of 140 acres to a Mr. Noe for \$2,500. Robt. Hicks sold his farm of 80 acres lying on Copper creek to a Mr. Frank Roberts for \$2,000. Several persons from other counties are here looking after farms.

Mrs. Fred Hahn, of Spiro, who for a time, it was thought could not live, we are glad to state, is able to sit up some. A little daughter of Sam Chandler, of Maresburg, has pneumonia fever. Two children of Wm. Taylor, of near Bee Lick, are down with typhoid. The little daughter W. H. Sowder, who has been very sick is better.

Rev. Campbell, principal of the public school at Lebanon Junction has been called to the pastorate of the Christian church at this place. Rev. Young filled the pulpit at the Methodist church Sunday morning and night. Rev. A. J. Pike will preach at the Baptist church Sunday night. We are informed that Rev. Kin Pike, of Harrison county, will begin a revival at the Methodist church here at an early date.

William DeBord, of near here, after a long siege of fever, died last Friday and was buried Saturday. Mrs. Louisa Reynolds, of the Glades, died and was buried in the Providence cemetery last Sunday. Rev. Todd conducting the funeral services. Mrs. Reynolds or "Aunt Louisa," as she was known, was the widow of Jesse Reynolds, who was a pioneer of the Glades section and a highly respected citizen. Logan Scott, a school teacher, aged 25, of the Ottowa neighborhood died and was buried Sunday.

Dr. O. O. Stone is visiting relatives in Tazewell, Tenn. Mrs. L. A. Cass, of Louisville, is with her son, J. R. Cass. Mrs. Sarah Rainey and daughter, Ollie, of Mt. Sterling, are with relatives here. Mr. Robt. T. Hemphill, of Williamsburg, was here this week. Mrs. Sarah Pigg, son and daughter, of Richmond, were here this week. Fred Durham and wife, of Etown, are visiting here. J. F. Watson and wife visited in the Quail section Sunday. J. B. Carter, of Gratz, is a student in the graded school here. Egbert Wallen, of the Q. & C. at Oakdale, Tenn., was with his family first of week. Miss Ella Caison has returned to Princeton, Ky., where she is going to school. Mrs. J. T. Cherry has returned from a three weeks' stay at Olympian Springs.

We often hear it said, when speaking of some good man, "he is the best man on earth" or "he is the best man in the country." We hardly like to speak of any certain person as being the "best man living but we do know that in and around Brodhead there are some men who are classed with the best of men. Sometimes we study out some of these men and are willing to admit we are proud of them. They are men to whom we must look as being capable of taking the lead in affairs which pertain to the things which keep abreast with the times. They are men who are worthy to be pointed out and classed with what might be called the "better element." We have in our mind at this time a man we have known from childhood and can say that he merits all that can be said of him. R. L. Smith, "Boge," as we all know him, is about 38 years of age, living near where he was born and grew up, near Hiatt's. He is a son of Joe Smith, is an up-to-date farmer, married and has a family, is a brother-in-law to J. M. Cress, the hustling farmer and stock trader of near Preachersville. "Boge" is a member of the Baptist church, a republican and a subscriber to the Interior Journal.

"Health Coffee" is the cleverest imitation of real coffee ever yet made. Dr. Shoop created it from pure parched grains, malt, nuts, etc. Fine in flavor—is made in just one minute. No 20 or 30 minutes tedious boiling. Sample free. Penny's Drug Store.

"How kin I improve my emporium?" inquired the proprietor of the general store.

"You might start by having them crates out in front cushioned," suggested one of the prominent loafers of the town.

Breathe Hyomei and cure catarrh. No stomach dosing. Complete outfit including inhaler \$1. Guaranteed by G. L. Penny, Druggist.

"Madam, could you spare a handout or a cold bite? I wuz wit' de man dat discovered de pole."

"Where's yer proofs?"

"De proper thing, mum, is to provide de banquet and den ask for de proofs."

## MEDICAL INSPECTION.

In connection with the honor roll we wish to present to the patrons in town and county a phase of school work not heretofore indulged in by school authorities in small cities. Medical Inspection of schools is not a fad or fancy but a sensible necessity. Its object is to prevent the spread of infectious and contagious diseases, to avoid and check epidemics, to promote and encourage cleanliness and neatness in pupils. It seems useless to add further argument for Medical Inspection but we will give a brief detailed argument. All progressive places are no longer asking can we afford to safeguard our schools in thus promoting the general welfare of their children, but are saying can we afford not to do it. Modern science teaches us that buoyant health of youth must be diligently conserved from childhood if it is to be enjoyed in after life. It is probably the wisest thing to do just here, to announce that the inspection which we propose to do will not cost one cent and for this reason we can see absolutely no room for objection. Neither does it mean that you must correct the evil at once or employ the school examiners to do the work. We do know, however, that a trouble little dreamed of may be so augmented in a few months that it will become serious. For instance, a pupil neglects his studies, hates his school and leaves it before he has half completed his course and thus starts on the road to an inefficient, useless life. Why? Because of the fact that his hearing is partially impaired or his vision defective. Headaches, eyestrain, lassitude, defective breathing due to enlarged tonsils, and such like, retard the pupils progress and he is called stupid when he is not. Unclean mouths are productive of disease germs and aid their growth; while cavities in the teeth are centers of infection. Faulty digestion is caused by neglect of teeth and all ills to which flesh is heir may be traced directly or indirectly to this and they are most certainly intensified by it. Thus mental effort is rendered difficult and the child hampered.

The work of the physician's examination is confined to dermatology and prevalence of infectious or contagious diseases and lung tests. The dentist will examine the teeth. The optician and specialist will deal with eye, ear, nose and throat troubles and will make examination of these organs. A written report of examination will be sent to parent and one kept by board of education. It is not the function of the school or the examiners to give treatment but to report causes and let parent know the status of the child. Dr. W. B. O'Bannon, chairman of board of education, is appointed physician, Dr. W. N. Craig, the optician, eye, ear, nose and throat specialist, and Dr. T. W. Pennington, the dental examiner.

These men have generously agreed to do their work without money. May we ask the co-operation of patrons and all interested in education in every advance step and we can well be proud of the fact that we are abreast of the times.

Education without health is useless. Priceless as is education it is better to sacrifice education, if in order to obtain it good health must be laid down as the price. It has been truly said that children are not dollars or defective by the will of an instructable Providence but rather by the law of cause and effect.

Join with us in removing as far as possible every cause that doth so easily hinder and beset the child in his formative stage. J. W. IRELAND.

## IN NEIGHBORING COUNTIES.

Clinton Bowman, a London barber, was fined \$300 for bootlegging.

Miss Viola King, daughter of Mr. and Mrs. Wesley King, died at her home in Madison.

Mrs. Fannie Watson, aged 80 years, was burned to death at her home, near Brassfield, Madison county, by her clothes catching fire.

Miss Mary Templeman of near Richmond was accidentally shot by a relative, who was pranking with a gun that he didn't know was loaded.

At Paris Hon. F. L. McChesney, aged 80 years, one of the best-known educators and newspaper men in the State, died of heart failure after a short illness.

## Frightful Fate Averted.

"I would have been a cripple for life, from a terrible cut on my knee cap," writes Frank Disbury, Kellier, Minn., "without Bucklen's Arnica Salve, which soon cured me." Infalible for wounds, cuts and bruises, it soon cures burns, scalds, old sores, boils, skin eruptions. World's best for piles. 25c at Penny's Drug Store.

A broken ankle-bone or two, Some loosened slats, Are evidence that he is through Joining frats.

In a fight over the division of the estate of William Flowers, who died at Moultrie, Ga., Will Williams was killed and Wright and William Flowers were fatally wounded by John Hart and his two sons.

TO THE DEMOCRATS OF LINCOLN COUNTY.—The court of appeals has decided that it has no power to correct the action of the county committee in dismissing my contest without a trial and that the action of the committee, however unjust and unfair it may be, is final and beyond the jurisdiction of the courts to remedy. This decision does not change and in no way touches the facts in my case. But it does necessarily end my contest for the nomination for the office of sheriff. I have only asked for and sought by my contest to get at the facts, and in trying to do so I have followed the very letter of the law and our party rules, which were adopted to correct mistakes and deprive fraud of its fruits. It seems, however, they are useless for the purposes of their adoption, and there is no law or party rule to correct fraud in our party elections. As stated in my former card I believe I received a majority of the legal votes and was fairly nominated. A recount of the ballots as placed in the boxes would have demonstrated the fact, therefore no recount was allowed. I made the race upon my own strength. I never attempted to farm out the office. To have fairly won the nomination under the circumstances, with the party machinery against me as shown by the action of the county committee in dismissing my contest without a trial, was indeed a compliment and very gratifying to me. I sincerely thank all my democratic friends who so loyally supported me, and I trust that the future will give me opportunity to show to such, my true appreciation of their kindness and confidence.

M. S. BAUGHMAN.

## The Bed-Rock of Success.

Lies in a keen, clear brain, backed by indomitable will and resistless energy. Such power comes from the splendid health that Dr. King's New Life Pills impart. They vitalize every organ and build up brain and body. J. A. Harmon, Lismore, W. Va., writes: "They are the best pills I ever used." 25c at Penny's Drug Store.

## HUSTONVILLE.

Howard Camnitz, the chief pitcher of the Pittsburg pirates, will be home next Tuesday.

Rev. W. S. Willis will preach one of the centennial sermons at Pittsburg, Pa., next week.

Mrs. Joseph McKeown and little son, of Louisville, are with her parents Mr. and Mrs. D. J. Newbern.

Rev. W. S. Willis' subject next Sunday morning will be: "For What Do we as a People Stand?" No night service.

Dr. Lillian Bryan Askenstedt, of Louisville, was the guest of Rev. W. S. Willis and wife last week. The doctor is a sister of Mrs. Willis.

Bumper crops and good prices are in store for the horny handed sons of toil in the old reliable "West End". Tobacco, the largest acreage and yield in the county's history and all in the barns before frost and 12 to 14c being offered and refused. The corn yield was never better and \$2.50 to \$2.75 is the current prices per barrel delivered. Plowing for wheat is progressing slowly on account of the continued drought. The large hay crop is being baled and a ready market found at satisfactory prices.

## Its A Top Notch Doer.

Great deeds compel regard. The world crowns its doers. That's why the American people have crowned Dr. King's New Discovery the king of Throat and lung remedies. Every atom is a health force. It kills germs and cures colds and lagrippe vanishes. It heals cough-rackled membranes and coughing stops. Sore, inflamed bronchial tubes and lungs are cured and hemorrhages cease. Dr. Geo. Moore, Black Jack, N. C., writes "it cured me of lung trouble, pronounced hopeless by all doctors." 50c, \$1. Trial bottle free. Guaranteed by Penny's Drug Store.

Police Inspector John J. O'Brien, Lieut. Hugh Reynolds and Sergeant Hugh Meyers, of New York, were indicted by the grand jury of King's county charged with aiding and abetting bookmaking at the Sheephead Bay and Gravesend race-tracks. Five detectives from a private agency were also indicted at the same time.
